US NEWS & WORLD REPORT GLOBAL
UNIVERSITIES RANKINGS 2024-2025

"I chose Monash because of its world class facilities and diverse opportunities for both personal and professional growth. Here at Monash, the focus on sustainability and innovation appealed to my interest. I aspire specialising in project management focusing on smart structures. The Civil Engineering Club (ACES) and engineering team (MSB) has provided me with work experience and networking opportunities whilst improving my skills. I also spend a lot of time with my friends at Monash Sport training for kickboxing and taekwondo with a community of like-minded students. As an international student, it took me time to adjust to the new environment, joining various clubs and committees made the experience smoother and more enjoyable. It helped me meet new people and feel more at home. I was fortunate to receive an International High Achiever's Scholarship which helps alleviate the financial burden of university cost on both myself and my parents. Moving to Melbourne is the start of a new life, it is exciting and sometimes challenging. Fortunately, Melbourne is a study hub filled with support and plenty of like-minded individuals."

Krishiraj Santchurn
Bachelor of Engineering (Civil), Mauritius

UNDERGRADUATE ENTRY REQUIREMENTS

UNDERGRADUATE COURSES	KENYA KCSE	MAURITIUS HSC	SOUTH AFRICA NATIONAL SENIOR CERTIFICATE	ZIMBABWE ZIMSEC	IB	A LEVELS
